

## AIRSHIPS SAILED SIDE BY SIDE.

NOVEL SIGHT WITNESSED IN A  
GERMAN CITY.

### REMARKABLE PERFORMANCE

Tests of the Parseval Airship and of a  
Military Dirigible Balloon  
Showed that Both are  
Great Machines.

Berlin, Aug. 28.—The military dirigible balloon and the Parseval airship sailed virtually the whole of Tuesday in the air, and the aeromats are highly pleased with the achievements of the two ships. They both displayed noteworthy maneuvering qualities. A large gathering of military and civil observers witnessed the flights. The military airship made a number of short voyages, including a trip to Spandau and return, and executed complicated flights in every direction over the parade ground. This airship then descended in order to take up the chief inspector of the transportation of troops, who desired personally to test the capability of the balloon.

In the meanwhile the Parseval airship had undertaken a journey which lasted more than two hours, directly against a strong wind. She made excellent progress, the motor worked well and the balloon answered her helm with the greatest facility. Both airships landed at a late hour in the evening precisely at the same moment and at the exact spot whence they had ascended.

Sailing together side by side for a short distance before they came to the ground they presented a unique spectacle.

### Trouble Brews in Ireland.

Dublin, Aug. 28.—The arrest at Longford of James P. Farrell and 10 other persons on the charge of taking part in an unlawful assembly likely to cause a riot and the ominous proclamation in last night's issue of the official Gazette declaring that the counties of Clare, Kings, Galway, Leitrim, Longford and Roscommon are "in a state of disturbance," a phrase far-reaching in its effect on civil rights, is a fresh development in the government's action for the repression of the anti-grazing movement.

**Burton's Boom for Mayor Grows.**  
Cleveland, Aug. 28.—A majority boom for Congressman Burton followed the refusal of County Recorder Baehr to become a candidate for the republican nomination Tuesday. The elimination of Baehr as a personal factor in the situation came at the end of a long day of conferences. He steps down and out with the admission of County Chairman Baker that nothing could prevent his nomination should his name go before the convention.

**Taft's Train in a Wreck.**  
St. Louis, Aug. 28.—Passenger train No. 102 on the St. Louis & San Francisco road carrying Secretary Taft was derailed Tuesday near Spring Hill, Kan. No one was hurt. A switch flew open after the engine and baggage car had passed. The mail car was derailed and dragged 500 feet over the ties. The passengers were shaken up, although the train was running slowly. Secretary Taft aided in reassuring timid passengers.

**Reunion of John Sherman's Brigade.**  
Shelby, O., Aug. 28.—About 250 survivors of John Sherman's old brigade are gathered here in tents for the annual reunion, which commenced Tuesday and will continue four days. Gov. Harris arrived Tuesday evening, will review the parade today and will deliver an address in the camp. Senator Dick will be here Thursday. There are 175 tents at the camp. Sherman's brigade consists of the Sixty-fourth and Sixty-fifth Ohio, McLaughlin's squadron and the Fifth Ohio battery.

**Replies are 16 to 1 in Favor.**  
St. Louis, Aug. 28.—Charles T. Ziebold, president of the West End Business Men's association, who recently sent letters to governors of the various states asking their opinion on the advisability of calling a national constitutional convention has received 17 replies, 16 of which favor the plan. Gov. Shelton, of Nebraska, is opposed to the idea.

**Beckham Guarantees Taylor's Safety.**  
Frankfort, Ky., Aug. 28.—In a letter to State's Attorney Franklin of this city, chief prosecuting counsel in the Goebel murder cases, Gov. Beckham guarantees that William S. Taylor will be protected from arrest if he comes from Indiana to testify in the trial of Caleb Powers.

**Mugs Increase in Railway Earnings.**  
New York, Aug. 28.—The gross earnings of the railroads of the United States during 1906, according to the annual number of Poor's Manual, issued Tuesday, increased \$234,442,516 over 1905. Net earnings increased \$104,728,224.

**They Believe in the Unwritten Law.**  
Portland, Me., Aug. 28.—A sensation was sprung at the meeting Tuesday of the American Bar association when Henry S. Dewey, of Boston, introduced a resolution containing articles of faith to the effect that the association teach that every good law is in harmony with the unwritten law, so called; that the unwritten law is the word of God; that the real foundation of the common law of England is the unwritten law; and that this unwritten law is the real foundation of all good laws since the beginning of the world. It was indefinitely postponed.

It Looks Amusing to Spectators.

### BUCKEYE NEWS BULLETINS

#### Martin Gets Nothing for Injuries.

Columbus, O., Aug. 28.—J. G. Obermeyer, clerk of the supreme court, received a mandate from the supreme court of the United States Tuesday in the case of Reuben L. Martin, a railway mail clerk, vs. the Pittsburg & Lake Erie railway which the court has decided against Martin, affirming the decision of the Ohio courts in the matter. This means that Martin gets nothing for injuries he received in a wreck on that railroad in 1901. He asked for \$25,000. It was admitted that careless employees of the railroad company left a switch open and therefore Martin is shut out by the fellow servant doctrine from getting any damages from the railroad.

#### Bank Sues Administrator for \$60,000.

Canton, O., Aug. 28.—Suit was entered in common pleas court Tuesday by the National Bank of Somerset, Pa., against R. S. Shields, administrator of the estate of Abner McKinley. Shields in 1905 was named administrator on application of Ohio creditors of Abner McKinley, and has allowed claims of about \$60,000. Mrs. Anna McKinley Allen, widow of Abner McKinley, but now remarried, was named executrix of the Abner McKinley estate in Somerset. She has entered a petition in Ohio to have all claims allowed by Shields set aside. It will now be a conflict between Ohio and Pennsylvania courts.

#### Seither Alleges Discrimination.

Columbus, O., Aug. 28.—A citizen of Cleveland named Seither, formerly engaged in dairy product business there, visited the office of the state food commissioner Tuesday and seemed very indignant at what he claimed was injustice in the department in the enforcement of the law. He declared that many dealers in and about Cleveland were not molested, notwithstanding that they were continually and openly violating the law by selling colored oleomargarine and that the department was discriminating in favor of certain dealers.

#### Gov. Harris Pleads for Economy.

Mantua, O., Aug. 28.—Before 6,000 people at the grangers' picnic here Tuesday Gov. Harris declared Ohio should be more economical. He spoke against big appropriations by the legislature and said the state government should be as saving as a family.

#### Probe May be Confined to Books.

New York, Aug. 28.—It is quite possible that the government's investigation into the affairs of the Standard Oil Company of New Jersey, which will begin here September 3, will be carried on without John D. Rockefeller, William Rockefeller or Henry H. Rogers being called on to testify. Frank B. Keilogg, special counsel for the government in the investigation, admitted last night that there was a possibility that the investigation might be confined to the books of the company, in which case it is not at all likely that any of the higher officials of the company will be questioned.

#### Agreed to Give a Raise in Pay.

Denver, Aug. 28.—The joint conference of representatives of the 12 principal western railroads and their employees has practically agreed that a two cent an hour advance to yardmen will be conceded by the railroads, providing the unions agree to certain conditions regarding overtime and the right of the roads to discharge men for what they consider good cause.

#### Five New Cases of Yellow Fever.

Washington, Aug. 28.—Five new cases of yellow fever have broken out at Cienfuegos according to a dispatch received at the war department from Chief Surgeon Taylor, at Mariacao, Cuba. The dispatch says that none of these are in the military camp.

#### A Fatal Wreck on the Clover Leaf.

Charleston, Ill., Aug. 28.—One man was killed and seven passengers dangerously injured in the wreck of a Clover Leaf passenger train at Rowman, 12 miles north of here, Tuesday. Two cars jumped a switch and crashed into a box car.

#### Highwaymen Held Up Autoists.

Lawton, Pa., Aug. 28.—Four men while automobile on a dark road three miles from this place late Monday night, were held up by three masked men who took all their money and valuables.

### SHORT PARAGRAPHS.

Henry Crouse's tobacco barns at Prestonville, Ky., burned the other night, causing a loss of \$150,000.

The Earl of Dunmore, the most prominent Christian Scientist in England, who last December visited Mrs. Mary Baker G. Eddy at Concord, N. H., is dead at Trimley Manor, near Canterbury.

Three ciphers have disappeared from the amount taken in the alleged \$20,000 mail robbery on a Chicago, Burlington & Quincy railroad train recently. The official count of the lost money is \$250.

Effective war is being waged against the Black Hand throughout Pennsylvania by the state constabulary, and the indications are that the troops will soon rid the state of its murderous organizations.

One man was dangerously injured and 65 persons badly shaken up and narrowly escaped death in an accident on a railway crossing in North La Crosse, Wis. A street car containing 65 persons was hit by a train of cars on the crossing.

### Grand Circuit Races.

Providence, R. I., Aug. 28.—"Park Brew Day" at Narragansett park brought out a large crowd. The most that was required of Angus Pointer, the winner of the event, was to equal the record made by Gallagher in 1904, 2:04. The fastest field ever entered in any such event started in this race, Angus Pointer, 2:02 1/4; Audubon Boy, 1:59 1/4; Gait, 2:02 1/4; Baron Grattan, 2:03 1/4. All were picked to do wonders, but Angus Pointer was the only one of the lot to show his mettle, capturing first money in straight heats. Margaret O. won the 2:17 trot, defeating Ed Geers' Tempus Fugit. Lotta took first money in the 2:09 trot.

### THE PACKAGE EXPLODED.

Parcel Addressed to Secretary Cortelyou Contained a Percussion Cap.

Philadelphia, Aug. 28.—The explosion of what appears to have been a large percussion cap in a package addressed to Secretary of the Treasury George B. Cortelyou, created excitement in the Nicetown substation of the Philadelphia postoffice Tuesday. The package, which was collected from a box in the northern section of the city, was received by Clerk Roberts, who says it was about four inches long by two inches wide and three-quarters of an inch thick. When Roberts brought his steel cancellation die down upon the stamp the package exploded and was torn to pieces. Roberts was unhurt.

The pieces of paper were put together and the package was found to have been addressed to Secretary Cortelyou, Washington, D. C., the address having been cut from a newspaper and pasted on the package.

Chief Postal Inspector James B. Cortelyou, a brother of the secretary, is trying to solve the mystery surrounding the explosion, though most of the authorities think the package was mailed as a joke. There was not sufficient explosive matter in it to have done injury to anyone. What was in the package aside from the explosive cap the officials will not say.

### Latest Phase of Telegraphers' Strike.

New York, Aug. 28.—A proposal to call out all the telegraph operators employed by brokerage firms, regardless of whether these firms have signed the union scale or not, is the latest in the telegraphers' strike. President Small on Tuesday received a message from southern telegraphers urging that this step be taken. He replied that the men must remain at work until they had received further instructions from the governing body of the union and at the same time called a meeting of all the men employed in the local brokerage houses for this afternoon, at which time the question of whether they will join the strike will be discussed.

### Washington Bucket Shops Will Close.

Washington, Aug. 28.—Several proprietors of brokerage concerns which have been under suspicion of doing a "bucket shop" business have indicated to the district attorney their intention to discontinue business and close their offices as soon as they can liquidate their accounts. Acting District Attorney Given said Tuesday that by the end of the present week no bucket shop would be in operation in this city. Twelve brokerage offices are under the observation of detectives and secret service operatives.

## UPHOLDS AUTHORITY OF HIS OWN COURT

JUDGE PRITCHARD DECIDES  
AGAINST NORTH CAROLINA.

### IN THE RAILWAY RATE CASE.

Injunctions Issued Against State's Officials are Declared Valid and Corporation Commission's Powers are Defined.

Asheville, N. C., Aug. 28.—Judge Pritchard in the United States circuit court in a long expected opinion announced Tuesday in the rate case of the Southern Railway Co. against the corporation commission and the attorney general of North Carolina, upholds the jurisdiction of his court in the issuance of the recent injunctions against officials during the railroad rate controversy and declares that the suit is not one against the state within the meaning of the eleventh amendment to the federal constitution. That amendment says the judicial power of the United States shall not extend to any suit against a state by citizens of another state.

The decision says that a state legislature cannot so frame an act as to deprive a citizen of a right vested him by the federal constitution and it does not possess the power "to deprive this court of its jurisdiction and the sooner those questions are definitely determined the better it will be for all parties concerned."

The decision holds that the corporation commissioners are still charged with making rates, the only limitation upon their power being "that they shall not make a maximum rate in North Carolina in excess of 2 1/2 cents per mile. The corporation commission and the attorney general are specially charged with the duty of securing the enforcement of Section 4 of the passenger rate act, which provides heavy penalties and fines for a failure of railroads and their officials to comply with that act." All laws in existence on the passage of that act bearing on supervision and control of railroads, etc., are to be construed in connection with the rate act.

### Dying He Confesses to Murder.

Columbus, O., Aug. 28.—Lewis Longshore, who is dying at 280 South Fourth street, gathered his relatives about him Tuesday and told them of how two years before at Buckeye Lake he had struck with an oar and killed a comrade, Edward John Stanch, aged 24, and then had dumped the lifeless body into the lake in order that his crime might not be discovered. At the time of Stanch's disappearance, Longshore said Stanch had been drowned. He said they got into a quarrel and he hit Stanch and kept his secret for two years.

### A "Raffles" is Sentenced.

Westchester, Pa., Aug. 28.—Judge Butler on Tuesday sentenced Dr. Benjamin Holbrook, who was convicted of robbing schoolhouses and railway stations, to five years' imprisonment. Holbrook may well be called the "Raffles" of Pennsylvania. By day he was a well-bred, courteous physician, and could be seen driving behind a spanking team, or paying a visit to neighbors. By night he became an audacious burglar.

### Four People Burned to Death.

Oklahoma City, Okla., Aug. 28.—Searching for an exit from the death trap that confronted them and hemmed in on all sides, four persons were burned to death Tuesday in a fire on East Grand avenue.

### An Important Arrest.

Philadelphia, Aug. 28.—Charged by postal inspectors with the wholesale selling of obscene postal cards, Gustave P. Lang, of this city, who traded under the name of P. C. Novelty Co., was arrested Tuesday and held in jail for trial. The arrest of Lang is regarded as the most important capture yet made in the crusade against objectionable cards.

### Editor Drowned.

Worcester, Mass., Aug. 28.—Eugene M. Moriarty, editor and proprietor of the Worcester Post, and a prominent democrat, was drowned Tuesday while bathing in Lake Quinsigamond.

### A Campaign for Two Cent Fare.

Topeka, Kan., Aug. 28.—The state board of railroad commissioners has ordered the 12 railroad companies doing business in Kansas to answer the two cent fare campaign recently filed by Attorney Grattan, on or before September 3. G. F. Grattan, attorney for the board, and E. C. Shiner, secretary, leave Thursday for Omaha, where they will take testimony showing that conditions in Nebraska are similar to those in Kansas and that the railroads can as well afford to establish a two cent rate in Kansas as in Nebraska.

### Extra Good.

"We got fine filtered water in our office," said one of two office boys who were comparing notes on a downtown corner. "Pooh! That's nothin'" replied the other. "We've got this here lithograph water in ours."—Kansas City Times.

### His Economics.

"What was wealth done for you?" inquired the cynical person. "Well," answered Mr. Dunstun Staz, "it has given me certain advantages. By owning a considerable amount of good dividend-paying stock I have been enabled to save most of my salary as a director."

### ANSWERED BY MME. MERRI.

Suggestions for Amusements and a Point on Etiquette.

#### For a Parcel Shower.

I wish to give a parcel shower in August and would like to know something about it. Would it be proper to use place cards and favors also? And how do you announce lunch? Do the guests find their own places at the table? Also what would be pretty to mark the bride's place at the table? MAXINE.

Ask each guest to bring a parcel, done up and marked with an appropriate rhyme or sentiment. These may be placed in a basket beside the hostess and between courses parcels may be passed to the bride. You may use both place cards and favors. For the latter tiny slippers, hearts or wedding rings are suitable, or tiny dolls, dressed as bridesmaids and the bride. They are so pretty made entirely of crepe and may be purchased at the favor counter. The bride's chair is marked by a huge bow of tulle or flowers. If there is a maid, she announces lunch; if not, the hostess does it herself. The guests find their own places. At the large department stores you can find articles for favors and a splendid assortment of place cards for just such occasions.

#### What Cards to Leave.

In calling on a young married woman is it proper to leave one of my cards and two of my husband's? Please reply in the paper. T. A. H.

#### For a Picnic Party.

For a club picnic at which there will be 50 guests what would you suggest for amusement? SOCIAL COMMITTEE.

The best thing to do will be to arrange a series of races, according to age and sex. This can be made very amusing. Then have a peanut hunt, with a prize to the one finding the most. Partners for refreshments could be found by matching "flags of all nations." These may be purchased in paper and are pretty souvenirs. A contest may be arranged with paper balls which are to be inflated. Provide fans for driving them over a tennis net or a line stretched up for the purpose.

#### For a Birthday Party.

My brother's birthday is the last of the month and as it will probably be very warm, I want to arrange for a surprise party on the lawn. Please suggest how to carry this out in a way not too elaborate. PEGGY.

Get some obliging friend to keep your brother away until the hour set for the party. While he is gone decorate the lawn with flags, lanterns and spread down rugs with a lot of washable pillows. String up as many hammocks as you can borrow, and provide a big bowl of fruit lemonade under a huge Japanese umbrella. If you can arrange for a tennis or archery tournament you will have ample amusement, or you can have a peanut hunt, with a prize for the one finding the most.

Tutti-frutti ice cream with a round birthday cake ornamented with tall candles will be all the refreshment necessary. Let your brother cut the cake and ask all the guests to make a good wish for him when they blow out a candle. MADAME MERRI.

### Motoring Over the Simplon.

The Swiss passes are gradually being opened to motor traffic. The latest to abandon prejudiced ways is the Simplon, but coupled with this concession to progress the authorities of the Wallis Canton make certain stipulations, including the by no means agreeable one that when meeting pedestrians, cattle or horse-drawn vehicles the man at the wheel must steer toward the outer edge of the road away from the protection of the inner curve toward the usually unprotected side bordering on the precipice.

Considering the dangerous nature of mountain motoring at its best, one may well be excused if this rule does not tend to alacrity in taking this way into Italy, more especially as non-observance of this regulation is punishable by the infliction of fines varying from 50 to 500 francs on first conviction and double that amount afterward. The permit of five francs (thirty Swiss) can be obtained at the gendarmerie at Brig and Grando, on either side of the pass.
